

Call for Papers

INTERDISCIPLINARY LEARNING AND TEACHING

INCOLLAB International Conference Series 2021

11 June 2021

We cordially invite you to join the first of a series of international conferences under the banner "Innovative Interdisciplinary Collaborative Approaches to Learning and Teaching (INCOLLAB) 2021". These meetings of scholars, researchers, and educators will offer a unique opportunity to discuss the current trends in collaborative interdisciplinary learning and teaching.

Keynote: Carmen Pérez Vidal (*Universitat Pompeu Fabra, Barcelona*)
Gabriela Klečková (*University of West Bohemia, Pilsen*)

We are inviting participants to submit papers on the following topics:

- 4C APPROACH TO LEARNING AND TEACHING: COMMUNICATION, COLLABORATION, CREATIVITY, CRITICAL THINKING
- CLIL IN HIGHER EDUCATION
- INTERCULTURAL COMMUNICATIVE COMPETENCE

Registration: You can register and/or submit abstracts for a 15-minute presentation (180–200 words) including a short academic bio (80–100 words) via the following [REGISTRATION FORM](#). Selected conference papers will be published in a reviewed collection of essays.

Deadline for submissions: 20 May 2021

Given the current climate crisis and global pandemic, the conference will support those who desire to present remotely; however, our hope is to organise a traditional conference with speakers also attending in person. Regardless of the hybrid format, i.e. online sessions in the morning and in-person sessions in the afternoon (if the COVID situation allows), we believe there is much scope and potential for a rich exchange in the chosen themes for INCOLLAB 2021.

The conference is part of the Erasmus + INCOLLAB 2019-1-CZ01-KA203-061163 project which covers the conference fee. For more details about the conference, please see: [conference website](#) or [project website](#).

Venue: MIAS CTU, Kolejní 2a, Prague 6, 160 00 (if the situation allows)
